

# Airhead!

The diary of an air conditioning apprentice...

## MONDAY

Blimey... Max's subterfuge last week has really back-fired on us. Posting entries on a consumer website from fake people recommending *Al-Cool* was quickly found out, and we got a bunch of complaints (including from the website administrator). Then we lost three good clients to *Penguin*. "Those smart-arses!" Max ranted this morning, "With their high-and-mighty principles, their blah-de-blah 'mission statement', their bloody stupid logo and their yellow noddy-vans... Stealing my business – aagh!" Then he went a peculiar colour and stormed out. He really does hate them.

## TUESDAY

Didn't do much today, and Max was in a rotten mood. 'Thought I'd cheer him up, so I gave him a funny DVD to watch. "Are you taking the p\*\*s?" he snarled and tossed it back at me. I mean, how ungrateful is that? *Happy Feet* is a great movie!

## THURSDAY

"Right, that's it!" Max announced this morning. "We're gonna take a closer look at those *Penguin* guys – or rather YOU are! They have a stand at the *BliP* exhibition this weekend. They know my face, so I can't show up... Besides, I'm playing golf... So I want

you to go along, get whatever information you can and report back to me on Monday."

Wow! Industrial espionage! I'm going to be a spy! Gotta hand it to Max – he may be a dodgy geezer but there's no end of tricks up his sleeve. Tho' I hope pays me extra for spying on a weekend...

## FRIDAY

Can't wait to get to *BliP* tomorrow and check out the Penguin stand! I wonder if I should wear a penguin costume, to blend in unnoticed...?

Follow *Airhead's* diary in the *Resident* every week...
